

WHAT IS BAND 14?

Band 14 is public safety's VIP lane. When we lock down Band 14, only those on FirstNet can access the Band 14 spectrum. And they never have to compete with commercial traffic.

BAND 14 IS WIRELESS SPECTRUM SET ASIDE SPECIFICALLY FOR FIRST RESPONDERS - A DEDICATED VIP LANE WHEN THEY NEED IT

First responders need fast and reliable connectivity that ensures public demand doesn't get in the way.

DEDICATED FOR FIRST RESPONDERS WHEN THEY NEED IT

24x7 priority and, for first responders, preemption capabilities, never competing with commercial traffic

POWER FOR EXTENDED COVERAGE

Only Band 14 is enabled to pair with High Power User Experience (HPUE) devices like FirstNet MegaRange™, a solution that can significantly boost cellular transmission strength.

ONLY ON FIRSTNET

Band 14 is a spectrum set aside specifically for public safety. No other carrier has this.
